- Do I have to pay anything to obtain a quote?
- How much will it cost to repair my vehicle?

What guarantee do you offer your customers

We offer a life time guarantee on all repairs as all vehicles are quality controlled to ensure only the finest finish is achieved.

What are Paintless Dent Repairs (PDR)?

PDR is the process of removing dents, dings, creases, and hail damage from vehicles without the inconvenience and expense of traditional repair methods. Working from behind the panel, we use specially designed tools to gently massage the metal back to its original shape. With PDR, grinding, sanding and repainting is not required, the factory finish remains intact which ensures a minimal amount of your time and hard earned money is needed to repair your vehicle.

PDR is used within our processes on every possible opportunity.

Are you an approved Repairer for any Insurance Company? If so which?

We are an approved repairer for all insurance companies. No insurance company denies us repairing any insured vehicle.

Do I need to obtain 2 quotes?

In most cases No! As we are an approved repairer to all Insurance companies one quote is generally all that is required however there are some circumstances where two quotes will be required. For further information please contact our office.

How long will it take to repair my vehicle?

We can give you an approximate time after completing the estimate. Our average

Do I have to pay anything to obtain a quote?

No. All estimates are prepared at no charge

How much will it cost to repair my vehicle?

It is impossible to give an exact figure without inspecting the damaged vehicle. We are happy to quote your vehicle in person for an accurate quote.
